

# MATURITAS

## THE EUROPEAN MENOPAUSE JOURNAL

an international multidisciplinary journal concerned with the medical, sociological and psychological aspects of life in the middle years and beyond as far as related to the climacteric.

### Aim and scope

The aim of MATURITAS is to provide a critical medium for the exchange of information and ideas concerning the important changes in many physiological, psychological and sociological functions, occurring in the 'middle years'—generally taken in both man and woman as between forty and sixty years of age— and beyond as far as related to the climacteric in both men and women.

MATURITAS will publish original research papers in the following areas:

- Studies in anatomy, endocrinology, gynaecology, andrology, biochemistry, pharmacology, physiology, pathology, psychology, epidemiology, sociology, sexuology and other disciplines on topics concerned with the middle years and beyond as far as related to the climacteric, including relevant animal studies.
- Related clinical case studies.
- Management, prevention and therapeutic problems related to ageing and to the climacteric in men and women.
- Other relevant material at the discretion of the Chief Editors.
