## AN INTERNATIONAL JOURNAL OF MIDLIFE HEALTH AND BEYOND

an international multidisciplinary journal concerned with the medical, sociological and psychological aspects of life in the middle years and beyond as far as related to the climacteric.

### Aim and scope

*Maturitas* is an international multidisciplinary peer reviewed scientific journal of midlife health and beyond publishing original research, reviews, consensus statements and guidelines. The scope encompasses all aspects of postreproductive health in both genders ranging from basic science to health and social care. *Maturitas* will publish in the following areas:

- predictors, effects and management of chronic diseases
- sex steroid deficiency in both genders
- epidemiology, health and social care
- therapeutic advances
- complementary and alternative medicines

We offer *Fast Track* publication for clinical trials and research articles which present ground-breaking results that justify rapid dissemination. Articles accepted through this route can expect less than 8 weeks editorial time from submission to publication online. Articles submitted for this route will be checked by the Editor-in-Chief to determine if the criterion for fast publication has been met; if not, articles will be redirected to the normal route of category article.
